SUMMARY

He is a highly skilled and adaptable software engineer known for delivering top-notch solutions across various technologies. With a strong problem-solving ability and a commitment to staying current in the field, he excels in both individual and collaborative environments. His dedication to efficiency and continuous improvement makes him a valuable asset to any software development team.

TECHNICAL SKILLS

Programming languages:

C, C++, Java, JavaScript, Kotlin, Python

Web Technologies:

HTML5, CSS, React, MERN

Android Technologies:

Volley library, SQLite, Android Studio, Rest API

Data Management:

MySQL, MongoDB, Redis, Firebase

Platforms:

Windows, Mac, Linux

CERTIFICATIONS

- Android Development in Kotlin- By GeeksforGeeks -July'2023
- Data structures and algorithms- By GeeksForGeeks- July'2023
- Web Development in Mern Stack - By UdemyCertified- June'2023

POWER SKILLS

- Leadership
- Communication Skills
- Adaptability
- Critical Thinking

EXTRA CURRICULAR ACTIVITIES

- Technical Team Member at GeeksforGeeks LPU Aug'22- Feb'23
- Served as host for SDMA Event 2022

INTERNSHIP

Software Engineering Intern 1 June 2023 – 25 July 2023

HBeonLabs | GREATER NOIDA, Uttar Pradesh, IN

Application Development & Software Testing

- Developed and maintained the Flight Tracker application for Android using Java, providing real-time flight tracking
- Contributed to the enhancement of the company website by implementing front-end changes, Develop UI and authentication of User.
- Educated and mentored a class of 30 students in digital marketing strategies and techniques.
- Acted as the primary point of contact for direct communication with clients, ensuring efficient and effective interactions throughout the project lifecycle.

PROJECTS

Music Player | Kotlin, Android Studio Dec '2023

- Designed and developed an intuitive music player app with a clean interface.
- Enhanced user experience by integrating features like effortless playlist management, dynamic equalization, and seamless offline playback.

Art Studio | Kotlin, Android Studio Dec '2023

- Developed a versatile drawing application in Kotlin, empowering users with a wide range of tools to create and customize digital artwork seamlessly.
- Implemented advanced drawing functionalities, including support for layers, undo/redo operations, and customizable brush settings, providing users with a professional-grade drawing experience.
- Utilized the layout editor to create a UI for the application in order to allow different scenes to interact with each other.

Portfolio Website | MERN Stack Development July '2023

- Build a full-stack web application using React on the front end and MongoDB on the back end where
- Highlights of my most impressive work.

ACHIEVEMENTS

Spring 2022 – Present

- Got Rank 3 in college in GeeksforGeeks contest
- Have solved over 600+ Questions on GeeksforGeeks and around 250+ on Leetcode and participate in 50+ contest on Leetcode and Codechef
- Qualify in top 35 students in Neo Codeathon happened on 16 sep 2022
- Qualify for National Level in Smart India Hack-A-Thon

EDUCATION

B.Tech (Hons) in Computer Science Aug '21 - Present

Lovely Professional University | Phagwara, IN

CGPA 8.13

Higher Secondary

May, 2019 – April 2021

Green Valley Public School | Tohana, IN

CGPA 8.61
